To Our Valued Customers:

I am certain that much like us, you have been met with a tremendous challenge to adjust to the rapidly changing environment in which we find ourselves. As we wake up each day to so much uncertainty, please trust that we have taken many precautionary measures to protect our employees and still provide uninterrupted services to meet your needs and expectations. We have received a number of calls about the governor's action this weekend on the closure of certain businesses. This does not affect us as we are a provider of essential needs.

As of early last week, most all of our staff are home officed and those with a need to be in the office, have been provided proper space to safely do their jobs. Our drivers continue to deliver with a required safe distance with customer interaction. All of our bulk facilities are closed to visitors unless prior arrangements have been made though our normal call in numbers. All of our c-stores remain open with more frequent cleaning and sanitizing to provide the safest environment we can for both our employees and customers.

I am also pleased to report that we continue to receive positive news from our suppliers and our ability to serve your needs going forward. Once again, I ask that you please contact us to share any changes to your business schedule that require changes in deliveries made to your facility. If more changes are required on our end and when we can deliver, we will be sure to communicate them with you immediately.

In closing, I want to offer my personal thanks for your business. I also want to say thanks to so many incredible employees we have working through this unprecedented time. If you have any questions or concerns, please contact your territory manager or 1-800-738-7738.

Sincerely,

Johnny Milazzo  
President
